- 1 Gigabit Ethernet
- 10 Gigabit Ethernet

This SysThames 1U 24 FTP Snap-In Patch Panel is an unloaded patch panel to be used with keystone jack terminations. It is compatible category 5e, 6 and 6A keystone jacks. The product is available in 2 colours: Black RAL9005, or chrome finish. The FTP keystone patch panel has an integrated rear cable management feature for cable routing and strain relief requirements with purposely designed cable tie positions. The panel comes with a grounding kit, and a set of M6 cage nuts is also supplied with the patch panel frame.

Standards

- Industry Standards: EIA/ECA-310-E
- UL, ETL Listed
